

June 9, 1994 Telephone conversation with Virginia:

Warren is taking a graphic arts course at BYU the end of June. He's been practicing kyaking in a swimming pool because he is going to a kyaking activity with the youth this summer. Jonathan's going to scout camp. Nathan is working at the bird shop. He's getting \$6.00 an hour now. Barry has been gleaning rocks from the neighbor's yard. They are building a pool. He's lost 10 pounds hauling them. He also rides his bike back and forth to work. He's probably going to build some retaining walls. The 4 young children, Barry and I are going to Moorhead, Iowa for a Wood reunion. We will be gone about 10 days.
